SUBJECT: RE: REVISED POTABLE WELL SAMPLING PLAN - WOOD RIVER ROUTE 113
RELEASE SITE

ANDY

HERE ARE A FEW INITIAL COMMENTS:

1) THE HOMES ON INDIAN TRAIL TO THE NORTHEAST OF THE RELEASE POINT ARE NOT INCLUDED IN THE SAMPLING PLAN SINCE THEY ARE ON MUNICIPAL WATER. HOWEVER, GIVEN THE SHALLOW GROUNDWATER, THERE MAY BE A CONCERN OF VAPOR MIGRATION. IF THESE HOMES HAVE BASEMENTS OR SUMP PUMPS, THEN IT MAY BE USEFUL TO HAVE SOME SOIL GAS SAMPLING IN THIS AREA TO DETERMINE IF THIS WOULD BE A CONCERN.

2) WHILE IT SEEMS UNLIKELY THAT THE CONTAMINATION WOULD MIGRATE TO THE SOUTH (VAUGHDALE AND HEIL ESTATES SUBDIVISION), IT WOULD BE USEFUL TO HAVE SOME CONFIRMATION OF GW FLOW IN THIS AREA. HAS THERE BEEN GW SAMPLING TO THE SOUTH OF THE RELEASE POINT? IF NOT, IT MAY BE USEFUL TO HAVE SOME UPGRADIENT SAMPLING.

3) THE PLAN CALLS FOR THE COMPANY TO SEND THE SAMPLING RESULTS DIRECTLY TO THE RESIDENTS. IF THIS IS OPERATING UNDER A UNIFIED COMMAND, THEN THE RESULTS SHOULD BE COMMUNICATED JOINTLY WITH THE COUNTY HEALTH DEPT OR EMA. IT WOULD BE BEST IF THE HEALTH DEPT WAS THE PRIMARY COMMUNICATING AGENCY, WITH THE COMPANY PROVIDING THE DATA. ALSO, SENDING LAB RESULTS WITHOUT ANY BACKGROUND INFORMATION IS NOT SUFFICIENT COMMUNICATION.

RELEASE SITE

MARK,
THIS IS THE DRAFT SAMPLING PLAN. JUST TAKE A QUICK GLANCE IF YOU CAN.
IT'S ALREADY BEEN DISCUSSED WITH COUNTY HEALTH AND THERE WILL BE
SOME UPDATES BUT THE PROPOSED ANALYTICAL WERE AGREED UPON BY THE
COUNTY.

THANKS!
